SINCE 1968, SAVING AIRCREW LIVES IS OUR FIRST CONCERN

DESIGN FEATURES

Increased mission times now demands seating systems which improve aircrew endurance and situational awareness. East/West's seats have been selected for the E-2D Aerial Refueling Program for the following features:

Pilot/Copilot Seat

- Lengthened contoured seat pan improves leg support for all occupants
- Advanced cushioning system and cover improves comfort and reduces thermal load
- Adjustable padded arm rests with egress position
- Horizontally adjustable padded headrest
- Increased vertical adjustment range
- Preserves fore/aft and recline adjustments
- Designed to accommodate PSE

Operator Seat

- Lengthened contoured seat pan improves leg support for all occupants
- Side tilting seat pan accommodates loiter flight angle
- Advanced cushioning system and cover improves comfort and reduces thermal load
- Adjustable padded arm rests with egress position
- Horizontally adjustable padded headrest
- Preserves rotation, vertical, fore/aft and recline adjustments
- Designed to accommodate PSE

In-Flight Refueling Position

Max Recline

Adjustable Headrest

Tilting Seat Pan
