STOWED POSITION

EXTENDED POSITION

- Innovative design provides greater span length (22 inches versus 16 inches) for enhanced air speed sensing
- Compatible with current and future helmets and ensembles (NBC, AN/AVS-9 and JHMCS)
- Unobstructed rear visibility during air combat
- Stowed position protects pitot air speed inlets from damage
- Standard on all current production of ACES II Ejection Seats
- Ruggedized construction, ejection tested and USAF approved

East/West, a woman-owned small business, was established in 1968 for the purpose of designing and manufacturing safer, more reliable, quality products for the US Government and the Aerospace Industry. Our outstanding performance has been recognized with awards by many of our customers.
