

Approved Finish and Process External Providers

Quality Clause:

PROCESSING / FINISHING - All special processing and/or finishing, such as welding, heat treating, NDT, plating, painting etc., SHALL be performed by East/West OR NADCAP approved sources. C of C's shall state Part Numbers & Revisions, Specifications & Revisions, Quantities, and support test data. Certifications must show current NADCAP approvals. Subcontractors using non-East/West approved sources are required to maintain record approval that processing vendors used are NADCAP approved and current.
